

**For small production  
with great demands:**

# The ECO from OTEC

## Innovative Technology

This innovative and new patented technique enables the use of the finest polishing granules with our new disk-finishing machine.

## Simple operation

The conversion from dry-polishing to wet-polishing is done with minimal steps.

## ECONomic Efficiency

The ideal size and affordability of the ECO make it a particularly attractive piece of equipment for processing jewelry and small decorative pieces. The machine is especially good for jewelers and smaller jewelry production.

## Quality

The ECO obtains a high gloss finish with an extremely smooth surface.

## Reliability

The ECO design allows hassle-free use of the finest polishing granules.

## Basic Equipment

- Technique for polishing with the finest polishing granules
- Timer
- Speed regulation via frequency inverter

## Optional Equipment

- Dosing pump

## Technical Data

	ECO 5	ECO 2 x 5	ECO 9	ECO 2 x 9
Width	500 mm	890 mm	565 mm	1025 mm
Depth	500 mm	500 mm	520 mm	520 mm
Height	600 mm	600 mm	730 mm	730 mm
Weight	25 kg	50 kg	42 kg	80 kg
Volume	5 l	2 x 5 l	9 l	2 x 9 l
Voltage	230 V	230 V	230 V	230 V

The Eco is available with several work-containers.

**Original quality. OTEC – that's precision.**
